You already know who it is nigga, 'King of Da Ghetto'
It's a new day and time but shit
It ain't all good but shit it ain't all bad no mo' either doe
Y'knahmsayin'? I'm tryin' to keep it civilized
But motherfuckers keep fuckin' with me doe mayne

In case you don't know my name, I'm 'bout to tell you
my name
Z-Ro the crooked, 'King of Da Ghetto' all about my
change
I remember when Joseph wasn't able to have thangs
Now I'm able to flip a 300-M and grab grain
There's some niggaz mad at me 'cause I got cash
mayne
I'm the future of rap-a-lot, quit livin' in the past mayne
Remember flippin' with a brick, in the dash mayne
Now everytime I roll up bitch give me bomb-ass brain

Probably be somebody, baby momma, I ain't ask
mayne
Baby, daddy got a problem, we can hit the grass
mayne
An asshole by nature, livin' in the fast lane
Stay rilla fo' reala, fuck with me and that's yo' ass
mayne
Honor roll student, but I dropped out of class mayne
Ain't got a diploma, but got knots of cash mayne
To you haters I'm a waiter waitin' to serve somebody
I kill all you motherfuckers but I

Don't wanna hurt nobody, just leave me the fuck alone
Don't wanna hurt nobody, just get me through my day
Don't wanna hurt nobody, just leave me the fuck alone
Don't wanna hurt nobody but a nigga might fuck
around
And bust your brain

I guess they never seen a guerilla when he stompin'
and pissed
But they 'bout to see a young guerilla, whoop, they ass
with his fist
I tried to move around, motherfuckers roachin' and shit

My attitude, fuck, watch how you approachin' me bitch
Asshole and ain't gon' fake it 'cause I had it by nature
And that's the result of everywhere you go niggaz hate
ya

And I ain't trippin', I'ma catch one of them marks on the
back street

With the black heat, slugs run up like a track meet

I'm an anybody killa, but everybody can get it
Servin' suckers in neighborhoods got it crackin' like a
stick

I didn't come to hurt nobody but you bumped into mine
But we gangsters I pull a fo' and told you po' out that
wine

If I wanted flex, I coulda got a strap at that moment
I'd rather keep ca-cash, ca-cash, 'cause I'm already
wanted

I'm an asshole by nature, my flag's on the left side
Gave him a pass before I stepped [Incomprehensible]
side

Don't wanna hurt nobody, just leave me the fuck alone
Don't wanna hurt nobody, just get me through my day
Don't wanna hurt nobody, just leave me the fuck alone
Don't wanna hurt nobody but a nigga might fuck
around

And bust your brain

Now I don't wanna hurt nobody, but that's a lie
'Cause it's a delight for me to bust a lip or black an eye
Or smoke a nigga like a syrup covered black'n'mild
So don't fuck with me when I'm tryin' to make money
stackin' piles

Some niggaz trie to rob me before, try to jack me now
Fuck Danny Glover, I'm the lethal weapon with maxi 9
Cain't a nigga lavish any mo'?

Without a gang of niggaz and they kickin in his do'?

And 9 times out of 10 it'll be one of my friends
That'll lead me to my grave, murder me to get my ends
Do the crime and make a cape escape from my
residence

But still show up at my funeral services 'n shit
I ain't fin' to let it happen to me, you gon' respect me
Ain't gon' be no bad actin' with me, homie
And to you haters I'm a waiter waitin' to serve
somebody

I kill all you motherfuckers but I

Don't wanna hurt nobody, just leave me the fuck alone
Don't wanna hurt nobody, just get me through my day

Don't wanna hurt nobody, just leave me the fuck alone
Don't wanna hurt nobody but a nigga might fuck
around
And bust your brain
