kept his finger on the trigger everytime he rode frank
took all the drug dealers and kept his hood sowed

suits for him and his broad but where was god not
around his riches cause he quickly fell in a 6 foot ditch
to deep him and his misses

Get Out the mirror little mamma cause you look good

cars got to many boyfriends thinkin you lovem from the
heart you just tryin to get into their pockets you's a gold
digger actin like you down like four flats to get some
more figas steady throwin marriage in their face to
make them believe better not make nobody fall in love

fake nails and fake hair on down to your thighs aint
nothin but imatation your whole life is a lie you need to
slow down and get a grip on yourself before you catch

somethin you cant throw back and HIV yourself
your phone aint ringing cause fellas see you loosen
weight you aint even confident no more looks like you
