Browse to the Tube for something to see
There's a girl dancing 'round so blissfully
Inspiring to watch and stirring to see
'Cause the girl on the screen lives next to me
High and low all up in your room
I think I could learn to love you too
If this was real only time will tell
You might just have something to sell

Dance Girl Dance
Dance Girl Dance (they say)
Dance Girl Dance
Dance Girl Dance

Time goes by for the leading light
But they ask you to hide it away
To idolize or fraternize
They seem to think you've misbehaved
The star that was born is the object of scorn
In every conceivable way
In someone's eye you're a fantasy
And it intrudes on your night and day

Dance Girl Dance
Dance Girl Dance (they say)
Dance Girl Dance
Dance Girl Dance

Dance Girl Dance
Dance Girl Dance (they say)
Dance Girl Dance
Dance Girl Dance (dance girl dance)

High and low all up in your room
I think I could learn to love you too
If this was real only time will tell
You might just have something to sell
