Sometimes I can't help the feeling that I'm

Living a life of illusion

And oh, why can't we let it be

And see through the hole in this wall of confusion

I just can't help the feeling I'm

Living a life of illusion

Pow! Right between the eyes

Oh, how nature loves her little surprises

Wow! It all seems so logical now

It's just one of her better disguises

And it comes with no warning

Nature loves her little surprises

Continual crisis

Hey, don't you know it's a waste of your day

Caught up in endless solutions

That have no meaning, just another hunch

Based upon jumping conclusions

Caught up in endless solutions

Backed up against a wall of confusion

Living a life of illusion
