Just north of the city,
Three thousand miles from home,
We've had more than we can take,
Of heartache and bullsh*t in one day.
When a long time,
Was a long time ago,
You do the dishes
And I'll sleep on the floor.
Wait one minute more,
Wait right there.
I need you to know wherever you go,
Kn-kn-kn-kn-kn-know...

Wherever you are (wherever you are),
You're find the balance, the balace.
In this exploding star (this exploding star),
We're just sitting ducks on the boulevard.

Say hello, say hello, say hello
To the ones that make you sick.
You're welcome, you're welcome, you're welcome
To the place that holds a runaway.

Sure shot, whoa-oh-oh.
(Se dice la agua te tienes loco.)
Well, everything is fine here.
(Pero todo esta eien alla tue alla.)

When a long time,
A long, long time ago.
Took a walk on the wildside,
Brought my radio.
Wait one minute more,
Wait right there.
I need you to know wherever you go,
Kn-kn-kn-kn-kn-know...
Don't say what you want
'Cause you think that I want it.
Say what you mean
And say it loud.

Wherever you are (wherever you are),
You're find the balance, the balace.
In this exploding star (this exploding star),
We're just sitting ducks on the boulevard.

Say hello, say hello, say hello
To the ones that make you sick.
You're welcome, you're welcome, you're welcome
To the place that holds a runaway.

You can throw it back in my face,
I need you to know wherever you go,
Kn-kn-kn-kn-kn-know...

Wherever you are (wherever you are),
You're find the balance, the balace.
In this exploding star (this exploding star),
We're just sitting ducks on the boulevard.

Say hello, say hello, say hello
To the ones that make you sick.
You're welcome, you're welcome, you're welcome
To the place that holds a runaway.
