I know her wonderboy's a
good looking man
I know I'm shorter than her regular plan
I know she don't know
how she wants it to be
I think she's on her way to discovery
You gonna get it some how
Feel good right now
-Chorus-
Fertilize
Make it nice
Make it twice
Get that rhythm in your exercise
Make it twice
Gettin' it all over for the love
of people when you...
Fertilize
Make it nice
Make it twice
Get that rhythm in your exercise
Make it nice

Gettin' it all over for the love
of people when you're high...

We got a table
where the candlelights play
She's got her eyes on me,
dessert's on the way

We catch a ride from there
with her change of plan

Now I'm her wonderboy...
a goodlooking man

We gonna get it some how
Feel good right now

Chorus

When it's mine it's mine

And the time is prime

Come on baby

Roll on over and let's fertilize

Chorus
