"Oh My God"

I must cross this empty space
I will lie here awake 'till the morning comes
With you asleep by my side
Oh my

I went through my closet of pills
I took six, and now they are taunting me
Their promise was a lie
Oh my

Return my calls
You know that I truly fear
That I'm about to fall apart

In the dark I listen to your breath
Its rhythm brings a hope of unconsciousness
I allow myself a smile
Oh my

Minutes will turn into hours
Hours will turn into aching bones
You move as I cry
Oh my

Return my calls
You know that I truly fear
That I'm about to fall apart
Piece by piece
As I disintegrate
Your breath feels like a breeze
