[Intro: Warcloud]

All you mad babies out there
You beautiful young ladies, this one's for you
Go out and shake ya little fanny, you fancy fuck

[Chorus 2X: Warcloud]

Strawberry creme champagne's her last name
Strawberry creme champagne's her last name
Strawberry creme, strawberry creme
Strawberry creme champagne's her last name

[Warcloud]

Liquorice and ice cream, chocolate chip cookies
She moves like the enchantress, vixens and belly
dancers
Nah, playboy, that's you, I'm cruisin'
With a big bottle, cigarettes and groovin'
Watch her sly movement, chicks can suck my boing-
boing
When we gonna join-join, back, flippin' a coin-coin
Keep the pistol tuck-tuck, slap it like a truck-truck
Glance at an elegant broad, wit a yuck-yuck
His dirty luck-luck, pair neck to groovy
I might go up to the roof wit pretty Suzy
Or another cutie, keep my music spooky
We touchin' mad tropical fruit, cold and juicy
Watermelon waterfalls, teeny bikini bitches
Silly, silly, silly, ice sunken treasure and riches
Give a champ stitches, turn the place into Fight Club
How many French maids does it take to screw in a light
bulb?
Classy model chicks, an apple martini
I pour my champagne in a wine glass, wit peony
L.A. hustle, might greet you with a knuckle
And tongue kiss an actress makin' the place buckle
Malt shots and roller-skates, caterpillars on mint leaves
Malt shots and roller-skates, caterpillars on mint leaves

[Chorus 2X]

[Warcloud]

The bouncers give respect to the Black Knights vet
Might rock the whole party wit a mic and cassette
Apple stems and cherry pit, sweat a strawberry bitch
Shaped like a vase full of Indigo pearls
Pistol walk swiftly, ice cream on her pantyhose
Ask me to dance, I drank and dropped a sandy rose
Bowl of cherry Cola, evening at the club house
Black Knight berserkers, crowds is givin' love out
Might just rub out, some that look thugged out
Deep in the party, knuckles on the bar
Ice cold drinks, chewin' Malaysian bubble gum
Miniskirt Mom, lyrics'll they will trouble some
Bodies lay in the hall, a bloody ball
The flying birds now all fall, I stand tall
Cashews and walnuts, loungin' lavender lime light
An apple full of sour gummy worms, you couldn't
rhyme right

[Chorus 2X]

[Crisis]

Sexy bitch, yo, you beautiful, do you know what I'd do
to you? (What?)
All the above, you incredible, lookin' edible (for real?)
Girl you look like a meal in small bills
That's my brother Monk, maybe him and ya girl can
build

[Monk]

Casually step this, splashin', I the rugged Monk-Monk
This fine bitch glance, while dance, she backed it up-up
Amazed by my swift high pitch, she got stuck-stuck
Henny off the breath from the bar, fo' sho, I'm drunk-
drunk (so what's
crackin'?)

[Crisis]

Beds and backboards, whatever you ask for
Except kisses, hay and cash, what more can you ask
for?
Oh yeah, only time I go raw is the jaw (where we about
to go?)
Well shit, we rollin' wit ya'll

[Monk]

So what's ya name? (Champagne)

[Crisis]

And yours (Elaine)

[Monk]

You're a fly dame (hop in)
We poppin', I got the black box, go raps, let's go to
Compton
Mistress crack a travel live, room 212, my entourage
It's waitin'

[Crisis]
Patiently, damn this remy martin's makin' me see
double
That and the weed made me stumble out the vehicle
Didn't let the ho see it though
And that nigga Monk, rollin' up some more weed to
smoke
