Coming through the static on my radio  
Like scratching in the night  
Strange sounds like alien voices  
She's coming home  
Could be the soul of a D.J.  
Lost in flight  
A child's prayer - a fallen angel  
She's coming home

Come in love - I feel you're somewhere out there  
Come in love - One day life disappears  
Come in love - I know you're out there somewhere  
Come in love - Come in loud and clear

Gimme something I can believe in  
A place to belong  
Put an end to all this leaving  
And coming home

Sweet spirit, come to haunt me  
Come and get me - right where I want you  
Love is sacred - I can't make it  
Naked - on my own

Come in love - I feel you're somewhere out there  
Come in love - One day life disappears  
Come in love - I know you're out there somewhere  
Come in love - Come in loud and clear

I've been lonely - I've been down  
Tired of only holding my ground  
Love's a whisper - love's a cry  
Love's a message sent from the sky  
Love's a message sent from the sky

Hei non sarai + sola  
X me sei sempre bella e pura  
Can you hear me?

Come in love - I feel you're somewhere out there  
Come in love - One day life disappears  
Come in love - I know you're out there somewhere

Come in love - Come in loud and clear

Come in love - I feel you're somewhere out there  
Come in love - In this room there ain't nothing here  
Come in love - I know you're out there somewhere  
Come in love - Come in loud and clear  
Come in love - Come in loud and clear
