Stray cat in a mad dog city
9 ways to sorrow
A moment's all it takes to say goodbye

I'm waiting

Wild cat in a sad dog story
9 roads to follow
A moment's all it takes to say goodbye

For all the love that's torn us, for us
For all the pain so sweet
Say you won't, say you won't leave

My love, I'm dreaming of one girl
Someone to make my world
Someone just like you
My love, the girl that I'm dreamin'
To give me that feeling
Someone just like you

Lost cat in a dead end story
9 lines that echo
A moment's all it takes to say goodbye

I'm waiting

Stray cat in a mad dog city
9 lives to borrow
A moment's all it takes to say goodbye

For all the love before us, for us

For all the pain so sweet
Say you won't, say you won't leave

My love, I'm dreaming of one girl
Someone to make my world
Someone just like you
My love, the girl that I'm dreamin'
To give me that feeling
Someone just like you

Siamo caduti in volo, mio sole
Siamo caduti in volo
Siamo caduti in volo, mio cielo
Siamo caduti in volo

Gonna paint this town, for you
Turn it upside down
Say you won't, say you won't leave

My love, I'm dreaming of one girl
Someone to make my world
Someone just like you
My love, the girl that I'm dreamin'
To give me that feeling
Someone just like you

My love, I'm dreaming of one girl
Someone to make my world
Someone just like you
