"Cool Scene"

Well I'm just not making a scene, and I really don't feel like I need.

I really don't mean that it's cool, didn't really wanna be in high school.

I'm dealing with the things that I've been, if it wasn't so appropriate then.

I really don't care what I sing, and I really doubt you know what I mean.

And I really don't mean that it's cool, didn't really wanna be in high school.

All the talking fools, what it means, last I've seen.

Baby it's all me, I'm just not making a scene,

and I really felt that you're a cool being.

I really don't know what I mean, and it really isn't worth the trying.

I'm feeling pretty chill with nothing,

like I'm livin' in a world that follows you.

And I really think you know your friends man,

like you're livin' in a social hydrant.

I really don't mean that it's cool, didn't really wanna be in high school.

All the talking fools, what it means, the last I seen.

Baby It's all me. Didn't really wanna be in high school.

All the talking fools, what it means, last I seen, Baby it's all me
