Yeah like it or not.

Like a ball and a chain.

All I want to do is get off, I feel it for a minute babe.

Hot diggity dog, I love god all the same.

But all i wanna do is get off, I feel it, I feel it, I feel it
babe.

Baby, come on yeah, If you have a hard time gettin'
there, maybe you're gone.

If you find, you find yourself forget yourself.

Yeah maybe I fought.

One thought I was saved.

But all I wanna do is get off,

and feel it for a minute like the real thing baby, I guess.

I already forgot, what I thought I would say.

But all i wanna do is get off. I feel it, I feel it, I feel it
babe.

Baby, come on yeah. If you have a hard time gettin'
there, maybe you're gone.

If you find, you find yourself, forget yourself.

Hey, come on yeah. If you have a hard time gettin'
there, maybe you're gone.

If you find, you find yourself forget yourself.

And like it or not, Like a ball and a chain.

All I wanna do is get off.

And feel it for a minute like the real thing baby, oh yes.

I already forgot, what I thought I would say.

But all I wanna do is get off, I feel it, I feel it, I feel it
babe.

Baby, come on yeah. If you have a hard time gettin'
there, maybe you're gone.

If you find, you find yourself, forget yourself.

Hey, Come on yeah, If you have a hard time gettin'
there, maybe your gone.

If you find yourself, forget yourself. Hey
