That's not your bottle  
Nor what's inside  
I guess they brought it  
Just for them  
How'd you get in?  
That's fucking right  
None of my friends would bother  
To even bother  
Benjamin's marijuana  
Michael brought a keg  
The skaters are high on mushrooms  
Passing out hits of LSD  
Phillip wants to be a rock star  
But he's a bit uptight  
So he brings his favorite Bettys  
With a bottle full of whiskey  
And he sits on the couch all night
