You're my ride  
I'm out my window  
it's alright  
if you've got Candy-O  
you're so cool  
and not much older  
but you know how to drive  
baby you're my ride  
I slip outside  
and to the corner  
roll down your drive  
before you start it up  
well I'm no fool  
not like your father  
I'm awake outside  
baby you're my ride  
my ride  
my ride  
my ride  
baby you're my ride
