Warrup? Hey dj, welcome to the fast life, life?  
Warrup, hey ... throw your hands up, throw your hands  
up,  
Throw your hands up, hey dj, up, that's right, ha ha  
Welcome, aha, yeah

We all up in the club right now, warrup  
And it's going down, down, drinks in the air all around,  
warrup  
And they going down down, girl drop to the ground,  
warrup  
She going down down, after party at my house, warrup  
We going down town

What's a party without the music,  
Let's get it popping, keep the people moving  
Pretty girls showing up throwing their stuff  
And the fellows post it up hoping for some dumb luck  
Put your drinks in the air, and show them what's up  
Teach them how to do it right, get the liquor in cup  
... the chick looking bad but she sweet like honey ...  
Say ...you can make her do anything  
But how about just .. that's all I need at the end of the  
night  
Man I die happy man ...the end of my life  
Looking white in a Coupe nice and my jeans say ...  
No lie, air brushers with the ... this one hell of a life

We all up in the club right now, warrup  
And it's going down, down, drinks in the air all around,  
warrup  
And they going down down, girl drop to the ground,  
warrup  
She going down down, after party at my house, warrup  
We going down town

It's that time, raise your glass, party people, make it  
last  
... class, now we overseas dropping euros on that ass  
Crazy outside pass living life fast  
As we think about crazy times on my past

Head in the club, she ... the flask  
Can't afford a drink, I just never out of cash  
Now we on our way, ... I'm saying he we ain't even  
trying to stay  
Living out a dream, how much can I say  
... say I'm too weird to be living so ...  
The way, another new show a new day  
Light nights and the bright lights in the new stay  
Live for the moment everyday's brand new  
I know if I can make it, you all can too

We all up in the club right now, warrup  
And it's going down, down, drinks in the air all around,  
warrup  
And they going down down, girl drop to the ground,  
warrup  
She going down down, after party at my house, warrup  
We going down town.
