Taste it, bite it, chew it  
Pop it, lick it, smack it  
Move it, drop it, crack it, smack it  
You know you want my bubblegum  
Taste it, bite it, chew it  
Pop it, lick it, smack it  
Move it, drop it, crack it, smack it  
You can't stop my bubblegum  
I know that you like it  
You want a piece of my bubblegum  
(My bubblegum)  
You know I don't mind  
That you want a piece of my bubblegum  
My b-my bubblegum  
Everybody knows that we like the noise  
And we like to go dancing with all the boys  
But, don't get us wrong, we ain't no toy  
We just wanna make your bubble pop  
Watch out here we come  
'Cause you're gonna get stuck  
Were girls just having fun  
Don't cha wanna have some? You can't deny it  
I know that you like it  
You want a piece of my bubblegum  
(My bubblegum)  
You know I don't mind  
That you want a piece of my bubblegum  
My b-my bubblegum  
Taste it, bite it, chew it  
Pop it, lick it, smack it  
Move it, drop it, crack it, smack it  
You know you want  
Come feel the beat, make you delirious  
Don't cha wanna dance with the five of us?  
Let's keep it sweet, not serious  
Come on make my bubble pop  
We've got the sweetest sound  
Make you say it loud  
You wanna say it loud, everybody's down  
You can't deny it  
I know that you like it

You want a piece of my bubblegum  
(My bubblegum)  
You know I don't mind  
That you want a piece of my bubblegum  
My b-my bubblegum  
I know that you like it, I like it too  
I don't wanna get any stuck on you  
You know that you like it  
You know that you like it  
Taste it, bite it, chew it  
Pop it, lick it, smack it  
Move it, drop it, crack it, smack it  
You know you want my bubblegum  
Taste it, bite it, chew it  
Pop it, lick it, smack it  
Move it, drop it, crack it  
Smack it, you know you want  
I know that you like it  
You want a piece of my bubblegum  
(My bubblegum)  
You know I don't mind  
That you want a piece of my bubblegum  
My b-my bubblegum  
I know that you like it, you want a piece of  
(Pop it, it's the sweetest, pop it, it's the sweetest)  
You know I don't mind that you want a piece of  
(Pop it, it's the sweetest, pop it, it's the sweetest sound)
