(revised)

Leave me on the outside  
Where I can feel the rain fill up my shoes  
Cover me with kisses and I will soon forget what I've  
been through

Run Away forever  
Leave me with no forwarding address  
Find another lover and leave me in the emotion of  
undress

I never wanted this  
I never asked you for anything  
I never wanted this

Bitter sweet deception  
Take my hand and look into my eyes  
Father of invention  
Only you could make up truth from lies

I never wanted this  
I never asked you for anything  
I never wanted this  
I never asked you for anything
