You used to light up the dark  
With your unrelenting spark  
It always put a fire in me

You used to say I'm the one  
The only ray of sun you could touch  
Without a fear of burning

Well, you used to try to please me  
Yeah, you used to try to please me  
Never said this would be easy  
Never said this would be easy

What are you telling her now?  
While you hold her in your arms  
Are you pretending she's me?

And just how long will you go on  
Before you realize you know she's the one  
But you're gonna lose her anyway?

You just got there, now you're leaving  
You just got there, now you're leaving  
Your sweet nothings are deceiving  
Your sweet nothings are deceiving

Well, it ain't over till it's over  
And my world shuts down  
But this comes close, I'll have you know  
It's just a matter of time

But it ain't over till it's over  
But I won't be made a fool  
'Cause leaving me the way you did  
Was just so unforgivable

Unforgivable, unforgivable  
Unforgivable, unforgivable  
Unforgivable, unforgivable  
Unforgivable

Well, it ain't over till it's over

And my world shuts down  
But this comes close, I'll have you know  
It's just a matter of time

But it ain't over till it's over  
But I won't be made a fool  
'Cause leaving me the way you did  
Was just so unforgivable

Unforgivable, unforgivable  
Unforgivable, unforgivable  
Unforgivable, unforgivable  
Unforgivable
