You use to light up the dark  
With your unrelenting spark  
It always put a fire in me

You use to say I'm the one  
The only ray of sun you could touch without the fear of  
burning

Well you use to try to please me  
Yeah you use to try to please me

Never said this would be easy  
Never said this would be easy

Well now, you tell her now  
While you hold her in your arms  
Are you pretending shes me?  
Just alone I go  
Before you realize shes the one that you're going to  
lose anyway  
You just got there now you're leaving  
You just got there now you're leaving

Your sweet notes are deceiving  
Your sweet notes are deceiving

Well it ain't over till its over and my world shuts down  
But this comes close I'll have you know  
Its just a matter of time  
But it ain't over till its over but I won't be made a fool  
'Cause leaving me the way you did was just so  
Unforgivable....
