Is it stinging  
The acid in your stream  
Hear the ringing  
Voices in between

You picked this tune to play  
And you've had to have your way  
Got your masterpiece  
But you don't seem pleased

So here it is, custom made  
You wrapped the world around your finger  
Did you take on an endless tower?  
Has your spring turned into winter?

You're frozen cold  
A one man show  
But who is watching?  
There's no one watching

No one watching  
No one's watching  
Oh, ooh, ooh  
No, no

Now, you got it then  
Everything you asked  
Burned your bridges  
So, why you turning back?

My doors won't fit you through  
Your head's too heavy to  
What could I give you now?  
I'm still the same tale

So here it is, custom made  
You wrapped the world around your finger  
Was it all a big mistake?  
Has your spring turned into winter?

You're in control  
A one man show

But who is watching?  
There's no one watching

So here it is, custom made  
You wrapped the world around your finger  
You're claim to fame turned out a shame  
Has your spring turned into winter?

You held your own  
One man show  
But no one's watching  
No, no one's watching

But no one's watching  
No, no one's watching  
But no one's watching  
No, no one's watching

But no one's watching  
No, no one's watching  
But no one's watching  
No, no one's watching

You can't go back  
And you can't come back  
And you can't go back  
And you can't come back

And you can't go back  
(But who is watching?)  
And you can't come back  
(There's no one watching)

And you can't go back  
(But who is watching?)  
And you can't come back  
(There's no one watching)

But who is watching?  
There's no one watching  
But who is watching?  
There's no one watching

(Watching)  
No one watching  
(Watching)  
No one's watching

(Watching)  
No one's watching  
(Watching)

Oh, oh, ooh, oh  
No, no, no
