i can feel you , in the rising tide
can you feel me , by the fire side
for the moonlight
through the cherry tree
open the roof and taken the view
cause you're my sweetest dream , come true
you're my sweetest dream , come true
color the dust and teap navy blue
and try to be brave
cause i'll me right beside you
there's a world so high
hold out your hands and you can go anywhere
so reach for the stars cause i'll be waiting up there
and you can finally fly , cause you'll be lighter than air
color the dust and teap navy blue
and try to be brave
cause i'll be right beside you
there's a world so high
hold out your hands and you can go anywhere
so reach for the stars cause i'll be waiting up there
and you can finally fly , cause you'll be lighter than air

cause you'll be lighter than air
cause you'll be lighter than air
