I've walked down this steet  
a million times in a million dreams  
i'm stubbling on my feet  
lookin at the sky down to redeme's

as i look up high  
i look down to low  
as the world is spinnin to to slow

and a look to you  
u seem so true  
but the sun is still not shinin through

Chorus

i wanna run away.... now  
i think im gonna fly away from here  
i dunno what i want now  
i know its isnt you thats what is clear  
ann now im just wastin.....wastin my time  
dunno what i want...or what is true...skip back rewind

just sittin thinking back  
on all those times we laughed and we would fall asleep  
on the sand look at the sea, now just shut i think that i  
am gonna crack  
now just leave alone cos i am gonna creep

now i sitting her takin slack  
no i never want u back  
please im startin to loose track  
now just let go of my heart  
and get your ass back to the start  
back to the star..art

Chorus

no no please just let me go  
no no im leaving i just want to break free  
so so now im going solo  
so go cos wither i'll decree

Chorus x2

dont know what i am...or what to  
show....now..you've...Let Go.....
