(Verse 1)

We don't need no education
We don't need no thoughts control
No dark sarcasms in the classroom
Teacher, leave them kids alone
Hey, People, Leave Juggalos alone
Yeah Yeah

(Hook)

All in all were just another brick in the wall
The wall YEAH
All in all were just another brick in the wall
The wall, The wall YEAH
We don't need no education
Juggalos across the nation
All together standing tall
Shangri-la awaits us all
Yeah awaits us all
Hey, People, Leave Juggalos alone
Yeah, Yeah

(Hook)

All in all were just another brick in the wall
The wall YEAH
All in all were just another brick in the wall
The wall, The wall YEAH

(Talking)

Yeah

If I was a wall I would get knocked down

(Bridge)

We don't need no education
Juggalos across the nation
All together standing tall
Shangri-la awaits us all
(You will never die alone)
Hey, People, Leave Juggalos alone

(Hook)

All in all were just another brick in the wall
All in all were just another brick in the wall
(Repeats till end)
