

## Zug Izland "Dreams"

Visit "[Dreams](#)" on [MotoLyrics.com](#)

*[French, saying something about a carnival]*

Are you climbing up a slippery pole? (pole)

Fallin Deep In A Hole? (Deep In A Hole)

Fallin Down

Are you lost in an exitless maze,

Chasing impossible ways?

Are you runnin up a slippery hill?

Are you going to spill?

Can't you build a snowman in the desert?

Are You chasing an imaginary treasure?

Walls, they go under and there over the top (over the top)

They haven't made a cage strong enough to keep 'em

keep 'em keep 'em (Keep 'Em)

Mountains are enormous, but they all have a top

It's up to someone with a dream to come and reach 'em

reach 'em reach 'em (Reach 'Em)

It's Just A Dream

You're Only Dreamin'

Another Dream

Will love be yours, if so, will it last? (will it last)

When the summer's past, summers past (yeah)

When you're alone, starin up at the moon (up at the moon)

Is it staring at you (staring at you)

You're lucky dime you didn't mean to spend Will you ever see it again? (see it again)

Walls, they go under then there over the top (over the top)

They haven't made a cage strong enough to keep 'em

keep 'em keep 'em (Keep 'Em)

Mountains are enormous, but they all have a top

It's up to someone with a dream to come and reach 'em

reach 'em reach 'em (Come Reach 'Em)

It's Just A Dream

You're Only Dreamin'  
Another Dream

*[more french, saying something about a carnival]*

Walls, they go under then there over the top (over the top!)  
They haven't made a cage strong enough to keep 'em  
keep 'em keep 'em  
(Strong Enough To Keep 'Em!)  
Mountains are enormous, but they all have a top (They All Have A Top!)  
It's up to someone with a dream to come and reach 'em  
reach 'em reach 'em  
(Come And Reach 'Em!)

*[french in background]*

Yeah, come and reach em  
Only a dream  
It's just a dream  
It's just a dream  
And then they go on in your head and you would  
scream  
Holdin Back your dreams  
Yeah, ohh, holdin back your dreams  
Yeah, Hold Always Dreamin' Never Always Dreamin'
