you think you look stupid  
you don't know what to say  
no confidence naked  
at least you feel that way

give me a pill so i can make it go away  
i need an angle so i can walk the sea

(Chorus)

i want you next to me  
i need you right next to me  
i want you next to me  
i need you you make me complete

got stuck in the pavement  
cant walk up to see  
no confidence naked  
anxiety

give me a pill so i can make it go away  
i need an angle so i can walk the sea

(Chorus)

i want you next to me  
i need you right next to me  
i want you next to me  
i need you you make me complete (you make me complete)

my silence killing me  
i can barely even breath  
my silence killing me  
i can barely even breath  
my silence killing me  
i can barely even breath  
my silence killing me  
i can barely even breath

(Chorus) x3

i want you next to me  
i need you right next to me  
i want you next to me  
i need you you make me complete
