Hey there killer, where you goin'?
I see you got a gun and your anger is showing
What you about to do? Gonna kill her man?
I know that you are, but you don't really understand
You wanna be scary, wanna freak her out
Knock on her door, and put the gun in your own mouth
Let her try to stop you, it doesn't work
Turn so she can see you, and make the back of your
head squirt!

Before you go and commit, a homicide!
Do us all a favor, you should try suicide!
If your gonna commit, a homicide
Spare us all the drama, you should try suicide!

Hey there killer, where you been?
Plotting out the murder on the perfect ten
Wanna make scary on her, I assume
Break in her house and hang yourself in her bedroom
Hey there killer, your unstoppable
Out of control and yo, she's irresistible
Go to her job and drink some gasoline
Swallow a match, and show her just what she means to
ya!
Before you go and commit, a homicide!
Do us all a favor, you should try suicide!
If your gonna commit, a homicide
Spare us all the drama, you should try suicide!
