Ya never wanted it to happen  
Still trouble will find it's way  
Silence took quickly  
Killing off the endless dream

Our souls never wanted to be  
Dark cell like purgatory  
Black eyes light's blinding  
The path is there, still can't find it...

[Chorus]  
Taken from me  
Taken from me  
Taken from me  
You can't take away from me

Mind trip might never fade  
Mental wounds i sicken needing  
The priest in church to sing  
Sounds of love peace for humanity

Hands high steps bring, bring  
Young soul inculcating  
From the streets they will bring  
Death from hate and thrill of suffering

[Chorus]  
Taken from me  
Taken from me  
Taken from me  
You can't take away from me

[musical interlude]

Standing at the gates of Heaven  
Beggin' them to let me in  
It's not His fault that  
He lived in a world of sin

One fight had to kill a man  
Now it's in bad suffering  
He did the best to do us right

but still the gates are locked tight

[Chorus 3x]

Taken from me

Taken from me

Taken from me

You can't take away from me
