You showed me, you showed me, what it takes to do  
what I want to.

And you told me , you told me, all the mistakes, that  
were made don't do it.

(You, you), Are everything to me  
(You, you) You are everything yeah,  
(You ,you), Are everything to me,  
(You, you ) You're everything, you're everything, yeah..

You showed me, you showed me , whats already late,  
the path that we chose.

And you told me, you showed me the grey skies, will  
one day turn blue, yeah.

(You, you), Are everything to me  
(You, you) You are everything yeah,  
(You ,you), Are everything to me,  
(You, you ) You're everything, you're everything, yeah..

You made me, you made me, realize, the wrongs that  
we do and,

You had me (you had me), in the light (in the light) ,  
when the darkness came through in  
Darkness came through, the darkness came through  
and you held me into the light ,  
Now I know that I will be tight

(You, you), Are everything to me  
(You, you) You are everything yeah,  
(You ,you), Are everything to me,  
(You, you ) You're everything, you're everything, yeah..

(You, you ), Are everything to me  
(You, you ) You are everything yeah,  
(You ,you ), Are everything to me,  
(You, you ) You're everything, you're everything, to,  
me, yeah

Youre everything to me..
