It'd be nice feelin' my arms holdin' you tight  
It'd be nice bein' with you every night  
And it'd be great never havin' to wake up feelin' alone  
But there's somethin' 'bout bein' gone and then  
commin' home

It'd be good cuddlin' any time that we like  
Walk in the woods, out of the room and dimmin' the  
lights  
But it's bein' apart that's makin' the good stay good for  
so long  
There's just somethin' 'bout bein' gone and then  
commin' home

There's just somethin' 'bout bein' gone  
When you got a good woman waitin' at home  
That makes you count every mile in the road you're on  
And that distance just makin' it strong  
It's a feelin' I know that you've known  
If you've ever been away from your lady for long  
There's just somethin' 'bout bein' gone and then  
commin' home

I guess it's them nights thinkin' of you and how it will be  
Seein' the sights all in my mind at home waitin' for me  
Knowin' you know I'm thinkin' of you every minute I'm  
gone  
There's just somethin' 'bout bein' gone and then  
commin' home

There's just somethin' 'bout bein' gone  
When you got a good woman waitin' at home  
That makes you count every mile in the road you're on  
And that distance just makin' it strong  
It's a feelin' I know that you've known  
If you've ever been away from your lady for long  
There's just somethin' 'bout bein' gone and then  
commin' home  
There's just somethin' 'bout bein' gone and then  
commin' home
