Visit "[Ready or Not](#)" on MotoLyrics.com

want for more keeps stringing you along  
but the love you make today could be the one to take  
you home  
strain to see what else is going on  
but here you are and can you love the way you're living  
now

chorus:

cause you are here and who you are  
and faith can make you wild with hope  
but now is where you are  
ready or not we're gonna be here tomorrow  
whether or not you've stopped your wondering  
ready or not we're gonna be here tomorrow  
wild with hope in spite of everything

no we won't let self-doubt drag you down  
and no one here would try to keep you from the things  
you want  
think you'd like to leave us all behind  
but here you are and can you love the way you're living  
now

chorus

does every day feel like a brand new chance to fall  
apart  
seems like nobody else could ever understand  
does every day feel like a brand new chance to fall  
apart  
and all the while you're only doing the best you can  
but you can

chorus
