Cut the rain
We two have swallowed trust
You have changed
And I...
I didn't change enough

And some have said that true love
Is something we are sure of
But my only hope lies
In your being confused

With all said I would wait
One hundred summers
Just once again to be with you

On monday evening
The cloudy skies
On super tuesday
I wanted to die

And so you love me
Sometimes I'm fun
But you only need me until
The darkness takes the sun

Away from me
I've lost you
Away from me
I've lost you
Away from me
I've lost you
Away from me

I saw a silver sun
And wanted it to touch everyone
You held my arms and pulled me back
But there's no way that
I can give this up

Some other way
There's got to be another

Some other way
There has to be another
Some other way
There's got to be another way
We are scientists we will not be afraid

I'm not saying
That there's no hope for this
But you have tried
To change my mind
And we all know
Our system's broken and I...
I'll never vote again
