Wayne's World Its party time excellent Wayne's World
Its party time excellent
Chicks go past us when we go down the street
It's wayne and garth that they want to be. We are in the
basement playing with
our toys
If you don't like it your a spincter boy Wayne's World
It's party time
excellent Wayne's World It's party time excellent
We might crawl right into a rut, Chyea right monkeys
might fly out of our
butts
The right to party is battle, we have fought
So we will surrender and become Amish...NOT!
Wayne's World It's party time excellent
Chicks go mental chicks go mental chicks go mental
chicks go mental chicks go
mental chicks go mental
Wayne's World It's party time excellent
