Thank God for dracula  
He sucked the shit outta me  
Now i can leave my work for nights  
And leave my day for sleeping

Young for eternity  
Young for eternity  
Young for eternity  
Young for eternity

Thank God for dracula  
He sucked the shit outta me  
Now i can leave my work for nights  
And leave my day for sleeping

Young for eternity  
Young for eternity  
Young for eternity  
Young for eternity  
Young for eternity  
Young for eternity
