Shadows fall on my burdened soul  
Dug myself a blackened hole  
Tried to fix what I messed up  
Got nowhere fell back into the rut  
Leave me here in my own hell  
I guess I deserve what I've done to myself

A dark place  
Crawling with my deepest fears  
A dark place  
Where I lived for many years

Safety doesn't come in this place  
Hollowed lines on my dirty face  
The lines and needles that took me there  
A man left half empty and scared  
All my friends turned out to be enemies  
All I found comfort in was out to get me

A dark place  
Crawling with my deepest fears  
A dark place  
Where I lived for many years  
A dark place  
Crawling with my deepest fears  
A dark place  
Where I lived for many years

Never want to be there again...

A dark place  
Crawling with my deepest fears  
A dark place  
Where I lived for many years  
A dark place  
Crawling with my deepest fears  
A dark place  
Where I lived for many years  
A dark place  
Crawling with my deepest fears  
A dark place

Where I lived for many years  
A dark place  
Crawling with my deepest fears  
A dark place  
Where I lived for many years
