"Black Room Bright"

Nihilistic point of life
living on edge, pins and knives
Gun to head, brain on ground
black room bright, die face down

What the hell did you do this for?
Never asked for help, what for
This didn't solve your issues at all
Leading to a dark downfall
lost it all...

Friends who leave us
Desperate and left out
Could have helped
Chose to help yourself

What the hell did you do this for?
Never asked for help, what for
This didn't solve your issues at all
Leading to a dark downfall
lost it all...

Wait, don't, why?
Wait, don't, why?
Wait, don't, why?
Wait, don't, why?

Wait, don't, why?
Wait, don't, why?
Wait, don't, why?
Wait, don't, why?
Wait, don't, why?
Wait, don't, why?
Wait, don't, why?
Wait, don't, why?
