Read the words upon the note  
Every last character I wrote  
I hurt myself to set me free  
The way out is through my bleed

The accident I have caused  
The moment in time is paused  
Trapped in myself

Sorry for what I have done  
I fought this war that can't be won  
I wave goodbye to what I was  
And walk on into the next world lost

The accident I have caused  
The moment in time is paused  
Trapped in myself

BLOODY, MESSY  
BLOODY, MESSY  
BLOODY, MESSY  
MY ACCIDENT

The accident I have caused  
The moment in time is paused  
Trapped in myself  
The accident I have caused  
The moment in time is paused  
Trapped in myself
