Flying high ready to take the enemy  
I'm looking for the place to tear the world apart  
Empty bottles of shit on my floor  
Stitches fresh on a formerly broken heart  
I never wanted the world to turn on me  
But in the end it tore me down and out  
I lived for years in a paranoid dystopia  
Awakened by the devil's shout

I got a deathwish  
I got one last thing to say  
I got a deathwish  
I got a time to die and it's today

Hammered and beaten bloody and sore  
Pounding at my walls to open and fall away  
Scared now running in directions leading nowhere  
To a merciless god I pray  
Heavy treading water in blackened pools of me  
I can't find my way to paradise  
It's painted red in my blood two fucking coats  
Insomniatic bloodshot eyes

I got a deathwish  
I got one last thing to say  
I got a deathwish  
I got a time to die and it's today

I got a deathwish  
I got one last thing to say  
I got a deathwish  
I got a time to die and it's today  
I got a deathwish  
I got one last thing to say  
I got a deathwish  
I got a time to die and it's today  
It's today  
IT'S TODAY  
It's today  
IT IS TODAY
