"Down, Down"

Here is our downfall
We watched it plunge away
Hear the hell hounds call
and see chaos in the wake
cause'

Down you go, say goodbye
Down you go, kills me inside
Down you go, did my time
Down you go, like suicide

Mind your matters
Before they find you out
Watch who you deal with
You just might find out
cause'

Down you go, say goodbye
Down you go, kills me inside
Down you go, did my time
Down you go, like suicide

woah yeah...

Down you go, say goodbye
Down you go, kills me inside
Down you go, did my time
Down you go, like suicide
