Walks on by
Prescence is confusing
Who is he and whats he want?
Got to know
Makes me uptight
Don't like them wandering in the know...

Doesn't speak
Doesn't play games
Doesn't know me
Never had a name

Deals his doings
Names are nothing
What the hell do they know of him?
Such a mystery
Got no history
Ask for a name and get no reply

Doesn't speak
Doesn't play games
Doesn't know me
Never had a name

Walks on by
Prescence is confusing
Who is he and whats he want?
Got to know
Makes me uptight
Don't like them wandering in the know...

Doesn't speak
Doesn't play games
Doesn't know me
Never had a name
