Lie, cheat, and fucking steal
Hate to love yeah I hate to feel
Lose my grip on morality
Dug my grave so come bury me
Fire in the eyes of dead elects
Do you truly think they protect?
Don't listen to the lies you heard
This life's a new american standard

Yeah, the dream is dead
Yeah, the dream is dead (gone)
Yeah, the dream is dead
Yeah, the dream is dead (GONE)

Lie, cheat, and fucking steal
Hate to love yeah I hate to feel
Lose my grip on morality
Dug my grave so come bury me
Fire in the eyes of dead elects
Do you truly think they protect?
Don't listen to the lies you heard
This life's a new american standard

Yeah, the dream is dead
Yeah, the dream is dead (gone)
Yeah, the dream is dead
Yeah, the dream is dead (GONE)

Lie, cheat, and fucking steal
Hate to love yeah I hate to feel
Lose my grip on morality
Dug my grave so come bury me
Fire in the eyes of dead elects
Do you truly think they protect?
Don't listen to the lies you heard
This life's a new american standard
