Sickness like a wave of smiles
mindless drones for miles on miles
fall in line to the edge of the pile
don't know you even though your on file

Oh, just another tragedy
to hear over and over
another wrencher of a scene
let's get it over

It takes no guts it takes no skill
to make it big in music well
pop fake fuckers get their fill
Number one hits on window sills

Oh, just another love scene
to watch over and over
another weak ass tragedy
I don't get it...

Hate you like I hated me
Hate you like society
Hate you like a dog hates fleas
Hate you cause' your bullshit and NO ONE CAN SEE
ANOTHER GODDAMN TRAGEDY!
A DOSE OF COMFORMITY!
YOU LIKE BEING A ZOMBIE!
I CAN PLAINLY SEE!
