it's been a while now
since you drove your demons out

wounds will heal but I'm afraid
can't help but doubt

'cause I can bend,
and I could break
but I won't give an inch.

I don't wanna bury myself
into you
like I've burried things before

I've dug this grave
to hide my hart from ourselves

so take this shovel
and dig it out

it's been a while now
since you've screamed out your silence
and I've been living on thin air

and when words couldn't save you
from who I had become,

I hit the ground so hard

you always put me back
where I belong

I don't wanna bury myself
into you
like I've burried things before

I've dug this grave
to hide my hart from ourselves

so take this anger
and make it stop

I can bend
and I could break
but and I can't change my ways

but I swear
we're still so close
even when

you're a million miles away
