Go now,  
from under these wings now  
into the cold now  
be a big boy

And when they come now  
don't call for me now  
mommie's away now  
you're on your own

But these  
newly found aquisition's  
changing my definitions and leading me exceedingly  
further from home and your embrace  
they disappear without a trace

and I love this for not being safe

There's not a soul to be  
seen in the streets and  
it's hard to believe that  
I'm all alone

In a city  
that's rumbling and roaring  
killing and baring,  
I'm obsolete
