Pink Cadillac down a desert road
close my eyes and feel it float
sandy wind blowing through my hair

My soulmate, he's sitting in the back
next to dan, and smiles at kjell,
and my girls arms are wrapped around my neck

And we don't give a damn about
What the tires push away beneath us
and all my tired limbs could ask for
is a foot on the gas, and you,
in my Pink Cadillac

Pink Cadillac down a desert road
Time goes by in episodes
but don't you even dare to let me go

And though it feels like a thousand years ago,
the sleepless nights, the silly jokes,
sometimes it seems that nothing's changed at all

And we don't give a damn about
all the miles that fade away behind us
'cause all that I could ever wish for
is right here with me,
in my Pink Cadillac

Pink Cadillac down a desert road
sometimes you and I still float
All I need is right here with me
