Time

echoes through the broken hallways
of my love
is someone listening?

If you are,

tell me there's something
underneath this life
that I can't see

over the horizon

climb

let me climb up the stairways
I refuse to see
I couldn't feel them

and give

give me back what I left
at your feet
in your hands

But something's tickling now
and it makes me smile somehow

Over the hills
I can see for miles
and witness a new dawn:

Signs of life,

keep me warm inside
