Well I'm standin' in your doorway honey
I sure do wanna come inside
Well I'm standin' in your doorway honey
And I sure wanna come inside
But I ain't gonna beg you
That's just too much for my pride

I'm a love sick child
I'm a stranger in your town
I'm a love sick child
I'm a stranger in your town
Maybe you can make a little room for me
Next time I'll come around

Well tell me pretty baby
Did I really treat you all that bad
Now tell me pretty baby
Did I really treat you all that bad
Well I know you wanna leave me
Every time I get mad

I'm a love sick child
I'm a stranger in your town
But I'm a love sick child
I'm a stranger in your town
Maybe you can make a little room for me honey
Next time, next time, next I come around

I'm a love sick child now
Ain't you gonna let me in
Whoa I'm a love sick child
Ain't you gonna let me in
I promise pretty baby
I won't get mad again
Yeah
Oh
