"Lover's Call"

The sun don't shine
And the rain don't fall
All the world stands still
Till I hear my lover's call

I'll stay here in this place
Stare at the wall
Wait on his embrace
Till I hear my lover's call

I know it's strange
To stop everything I do
My lover is out there
Waitin' on me too

I know the world
Is full of pain and joy
I'm just a girl
For me it's a boy

Oh
Oh

I know it's strange
To stop everything I do
My lover is out there
Waitin' on me too

The moon don't glow
Times just crawls
I live for tomorrow
Till I hear my lover's call

Oh
Oh
