There's a train goin' to Memphis
Please can I go
A train bound for Memphis
Please can I go
I get so lonesome
When I hear that whistle blow

It blows every night about 12 o'clock, yeah yeah
It blows every night about 12 o'clock
I said I'm goin' to Memphis, honey
Even if I have to walk
Oh come on now
Yeah

I been stuck down in Texas
With nobody by my side
Oh stuck down in Texas
With nobody by my side
Every time I hear that whistle
You know I sure wanna ride

I want to go down on whisky
I'll drink me some wine
Go down on whisky
I'm goin' to drink me some wine
I'll get so loaded honey
I'm gonna feel real fine
Oh let's go
Ah

There's a train going to Memphis
Please can I go
Train bound for Memphis
Please can I go
I get so lonesome
When I hear that whistle blow
