Well I'm always thinkin'
I'm always tryin'
I'm always lookin' for somethin'
I been on the road so long
Been without a home
I been so alone

If I keep on walking, through the night
It's alright, it's alright
I know I'll find my way again
If I have to finally lose touch
Just to know that I need you so much
Baby won't you try to understand

Sittin' on the edge of the highway
Honey you are on my mind
Lookin' out the window of my hotel room
I'm wonderin' just where this road will wind

I'm thinkin' 'bout that scene at the airport
I know you didn't want to let me go
Honey you know I'm stubborn and I'm gonna do what I
wanna do
I just can tell which way this wind will blow

Yeah yeah
I'm gatherin' with my reason
I don't care
I ain't never satisfied
Oh yeah
Well I feel I could go anywhere
I know all, I've seen the other side

If I keep on walkin' though the night
It's alright, it's alright
I know I'll find my way again
If I have to finally lose touch
Just to know that I need you so much
Baby won't you try to understand

When I'm through with my wanderin' I'm coming to you

Oh you're waitin' won't be in vain, no no
Cause I got a love and it's real, it's so real
Honey I'm callin' out your name

If I have to keep on walkin' through the night
It's alright, it's alright
I know I'll find my way again
If I have to finally lose touch
Just to know that I need you so much
Baby won't you try to understand
Baby won't you try to understand
