from the bottom of my heart
boy i've gotta tell you this
since the day we've been apart
you're the only one I miss
i'm like a tree with no roots
I just can't live without you, yeah yeah
thought we were just a summer romance
nothing but a passing fling
seemed my heart had other plans
now i'm a puppet on a string
don't leave me dangling out there
boy can't you tell how much I care
still see the sunlight in your hair, oh, oh
chorus:
i've been missing your stawberry kisses
cuz nothing's as sweet
the taste still drives me crazy
i've been wishing my strawberry kisses
could fly through the wind
to you from me
there's no question at all

boy, your lips on my list

i'm falling head over toes

at the thought of your lips

I know you're cryin no no

can't write those pretty words to show

me how you feel deep inside -- but oh-oh

chorus:

i've been missing your strawberry kisses

cuz nothing's as sweet

the taste still drives me crazy

i've been wishing my strawberry kisses

could fly through the wind

to you from me

I know what i'll do

once i find you

you're gonna make me your girl

you're gonna be mine

even if I gotta search the whole world

chorus:

i've been missing your strawberry kisses

cuz nothing's as sweet

the taste still drives me crazy

i've been wishing my strawberry kisses

could fly through the wind

to you from me
